

FACULTY POSITION
Electrical Engineering: Robotics and Multimedia Data Analysis
NYU Shanghai

NYU Shanghai invites outstanding applications for tenure-track or tenured faculty appointments in electrical and computer engineering (ECE) with special emphases in multimedia data analysis and robotic systems. Exceptionally strong candidates in other areas in ECE will also be considered. The applicants must have demonstrated abilities in both research and teaching. In describing teaching experience, candidates should identify courses they could teach both within and outside their specialty. Candidates must have completed a Ph.D. or equivalent by the time of appointment.

The terms of employment in NYU Shanghai are comparable to U.S. institutions in terms of research start-up funds and compensation, and include housing subsidies and educational subsidies for children. Faculty may also spend time at NYU New York and other sites of the NYU global network, engaging in both research and teaching.

Applications are due no later than January 15, 2015 and will be reviewed until the position is filled. To be considered, candidates should submit a *curriculum vitae*, separate statements of research and teaching interests (no more than three pages each), and electronic copies of up to five recent, relevant publications. To complete the online process, applicants will be prompted to enter the names and email addresses of at least three referees. Each referee will be contacted to upload their reference letter. Senior candidates are not required to submit references at this time. Please visit our website at <https://shanghai.nyu.edu/about/work/faculty-positions> for instructions and other information on how to apply. If you have any questions, please e-mail shanghai.faculty.recruitment@nyu.edu.

About NYU Shanghai:

NYU Shanghai is the newest degree-granting campus within the NYU Global Network University. It is the first Sino-US higher education joint venture to grant a degree that is accredited in the U.S. as well as in China. All teaching is conducted in English. A research university with liberal arts and science at its core, it resides in one of the world's great cities with a vibrant intellectual community. NYU Shanghai recruits scholars who are committed to NYU's global vision of transformative teaching and innovative research.

New York University has established itself as a Global Network University, a multi-site, organically connected network encompassing key global cities and idea capitals. There are three degree-granting campuses in New York, Shanghai, and Abu Dhabi, and complemented by eleven additional academic centers across five continents. Faculty and students circulate within the network in pursuit of common research interests and cross-cultural, interdisciplinary endeavors, both local and global.
