

# MINI-SYMPOSIUM ON PREFRONTAL FUNCTIONS

**Date: December 1<sup>st</sup>, 2014**

**Venue: Room 223, Junxiu Building, ECNU Zhongbei Campus, 3663 North Zhongshan Road**  
**地点: 中山北路3663号华东师范大学中山北路校区俊秀楼223报告厅**

**Shintaro FUNAHASHI, Kyoto University**

Neural Mechanisms Related to Dual-task Interference in the Primate Prefrontal Cortex

9:15-10:15am

**Synnöve CARLSON, Aalto University**

Top-down Regulation of the Ventral Visual Cortex in 7-11-year-old Children

10:30-11:30am

**Min WANG, Yale University**

Advancing Age Influences on the Primate Dorsolateral Prefrontal Cortex

1:00-2:00pm

**Satoru OTANI, Ryotokuji University**

Normal and Abnormal Synaptic Plasticity Inductions in Prefrontal Cortex: Correlations with Cognition and Behavior

2:00-3:00pm

**Xinying CAI, NYU Shanghai**

Prefrontal Contributions to Good-to-Action Transformation

3:30-4:30pm

**Liping WANG, East China Normal University**

Sequence Learning of Auditory Rules in Macaque and Human Brains

4:30-5:30pm

FEATURED SPEAKERS
