Independent Study – Mathematics

Prerequisite: permission of the department. 2 or 4 credits

Students majoring in mathematics are permitted to work on an individual basis under the supervision of a full-time or visiting faculty member in the department if they have maintained an overall GPA of 3.0 and a GPA of 3.5 in mathematics and have a study proposal that is approved by a mathematics professor. Students are expected to spend about two to three hours a week per credit (a 4-credit IS would involve about ten to twelve hours a week) on their project.

Student name: ___________________________ ID Number: ________________

Major: ___________________________ Year: _________ Semester of course: ________________

Course number ___________________________ Number of credits: ________________

Letter grade: _____ Pass-fail (only if it still fulfills a requirement): ______

Faculty Sponsor: Please write below or attach a description of the work the student is to complete for this course:

______________________________________________________________________________
