Job Description – Health and Wellness Counselor

Department: Student Life
Reports to: Director, Health and Wellness

Position Summary

New York University Shanghai (NYUS H) seeks to appoint an experienced mental health counselor to join the Health and Wellness department at the campus. The successful candidate will have strong professional qualifications in clinical psychology, counseling or social work, with extensive clinical experience and a track record of working in college health. As an integrated Chinese/international university we ideally are seeking a bilingual (Chinese/English) person to match the requirements of our student population.

The successful candidate will report to the Director of Health and Wellness, and be part of a team of 3 counselors in Shanghai and part of a global network of NYU counselors connected to NYU in New York. As part of NYUs Student Life, the role requires counselors to participate in a range of health education activities and broader student related activities, in addition to clinical services.

Responsibilities

- To provide counselling to students (individual or group), case management and referrals to outside mental health providers.
- To maintain a high level of clinical documentation as detailed by the NYU Student Health Center in New York.
- To facilitate NYU Student Health Center driven clinical management programs with regards to substance abuse and assessment of eating disorders.
- To make clear clinical judgments and make recommendations in relation to the NYUs policies on leaves of absence and in the interests of the student.
- The role incorporates periods of “On Call” in case of crisis or emergencies.

Qualification

- **Required Education**

  Ph.D. Psychology, Counseling or Social work. Candidates with a Master degree in Counseling and Social Work and extensive clinical experience will be considered.

- **Required Experience**

  - More than 5 years clinical experience in ambulatory setting.
  - Prior experience working with college-age population.
  - Professional practice license.
  - Language proficiency in Chinese and English a key factor.
